

Walsall Junior Youth League

Player Registrations –season 2011/ 2012.

PLEASE READ THESE NOTES FIRST.

1. Registration Books for players were introduced last year to last for each player's entire Junior League career. If the player was registered with the WJYL last season MANAGERS will need to enter his/her 2011/12 season details against the relevant age group in that book and RETURN THE SQUAD OF BOOKS TO THE LEAGUE AGE GROUP SECRETARY ALONG WITH THIS COMPLETED FORM BY SUNDAY AUGUST 14TH . Books should then be checked and available for collection from the League on a date to be advised at the League Meeting and via the website.
2. A team MUST register at least the following MINIMUM number of players by the August 21st League Meeting to be included in the new season's fixtures. U7s - U10s – 7; U11s-U12's-9, U13's to U18s – 11.
3. If any team wishes to register players who were not in this League last season and do not have Registration Books they must obtain and complete a 'NEW PLAYER REGISTRATION FORM' for each player (available online or from the Registration Secretary, some were handed out at the league AGM) and attach to this form when returning, along with two passport type photos and proof of birth date.
4. If a player was registered with the League in the last season but is now moving clubs then the manager must use the players current registration book from his previous team. If they don't have the book they should check with the Registration Secretary, as the League could be holding returned books.
5. It is only then the league should look at creating a new registration book for a player, and agreed costs charged as per league rules.
6. **PHOTOS:** Players who were registered at U7s, U9s, U11s, U13s, U15s & U17s last season WILL NOT need new photos – the photo & signature already in the Registration Book will also serve for this season. Simply enter their 2011/12 team details and return for checking.
7. Players who were registered at U8s, U10s, U12s, U14s & U16s last season WILL need to supply ONE new photo for this season, which must be glued NEATLY into the relevant space in the book, and signed in the space below it by the player.
8. The League will reject any registrations which do not have the photos already glued in or are not signed, or books / forms which have not had ALL the details correctly entered.
9. The Squad sheet is a confirmation of the players who will still be playing for the team in the coming season and for the clubs to declare the players that are retained. It will help us to identify the players who have 'drifted away' in the close season or which may have joined another league.
10. **Note:** the maximum numbers of players per squad are: Under 7 to U10=14; Under11&12=16; Under 13 to U18 =18 players.
11. **Registration numbers:** As the age group secretaries are moving up with their age groups then they will continue to use the block of numbers issued for that age group last year. As a reminder these are:

Registration numbers 2011-12				
Age Group	Registration Secretary 2011-12	Start Number	End Number	
U7	John Coleman	11000	11999	
U8	John Coleman	0001	999	
U9	John Coleman	1000	1999	
U10	John Coleman	2000	2999	
U11	Dave Fenton	3000	3999	
U12	Dave Fenton	4000	4999	
U13	Lewis Bland	5000	5999	
U14	Howard Fullelove	6000	6999	
U15	Darren Coley	7000	7999	
U16	Brian Clarke	8000	8999	
Emergency	Dave Fenton	10000	10999	

Each age group has 999 player numbers to allocate out. As this year we have maximum of 28 teams in an age group = 560 players then we have enough spare numbers to last a few years as new players come into the league. I cannot see any secretaries running out of numbers until age group finishes at Under 16 or even U18.

2011-2012 Under 7's will now start at 11000 to 11999
